

Findings

This document is a fixture for testing per-artifact checkpoint and resume behavior. It contains four small, unrelated data tables, each preceded by a short paragraph of prose.

The first table below reports one illustrative case.

Case	Year	Outcome
Alpha	1990	Consolidated

The second table below reports one illustrative case.

Case	Year	Outcome
Beta	2001	Fragmented

The third table below reports one illustrative case.

Case	Year	Outcome
Gamma	2015	Consolidated

The fourth table below reports one illustrative case.

Case	Year	Outcome
Delta	2022	Fragmented
